GLIDE CORDLESS WITH EZ MOUNTING RAIL

WHAT'S IN THE BOX

Depending on what you ordered, the fabric and the color of the hardware may be different.

1 Glide Cordless Roller Shade with EZ Mounting Rail

2 Screws

2 Mounting Brackets

- 1 Glide Cordless Roller Shade with EZ Mounting Rail
- 2 Mounting Brackets
- 2 Screws

Mounting Options

Inside Mount

With an inside mount the window treatment will be mounted and hung on the inside of the window frame.

An inside mount has a minimum depth requirement.*

Outside Mount

With an outside mount the window treatment will be mounted and hung on the outside of the window frame.

An outside mount does **not** have a minimum depth requirement.

Installation Manual – Roller Shades

GLIDE CORDLESS WITH EZ MOUNTING RAIL

We recommend reading through the instructions before installing your Roller Shades.

## INSTALLING YOUR ROLLER SHADE
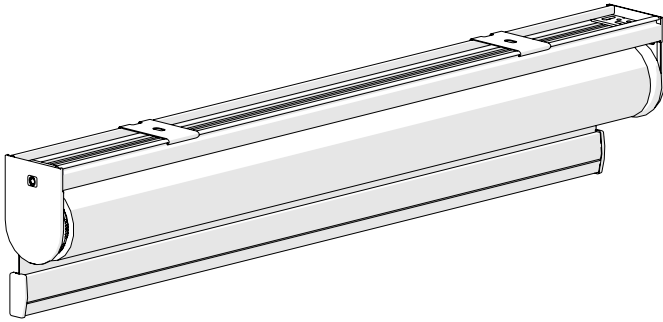

- Check your window before you install your Roller Shade. Brackets must be in line and level. The roller must be level to prevent fabric skewing.
- We recommend wearing Safety Glasses when installing your Roller Shade.
- We recommend wearing Work Gloves to keep your Roller Shade clean while installing it.

NOTE:
Roller shades should be installed level. An uneven roller shade will not roll up straight and could damage the fabric. Shims can be used.

1. Mounting Your Brackets

- Measure about 2" in from each Side of Your Window Frame (2 Brackets).
- Add Pencil Marks Where the two Screws Will Go (2 Brackets).
- Pre-Drill the Two Holes.
- Install the Bracket with Screws.
- Repeat on the Other Side.
- Make Sure Your Brackets are Level and in Line.

video instructions.

2. Hang the Roller Shade with Rail

- To Install the Roller Shade, hook the front of the Rail to the top of the Brackets.
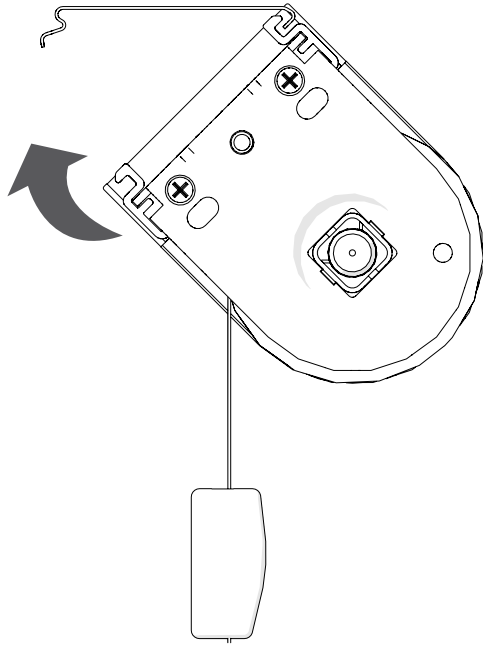

- Tip the EZ mounting rail backwards towards the back of the bracket until it clicks into place.

3. Remove Paper

- Remove the Protective Paper from the Roller Shade.
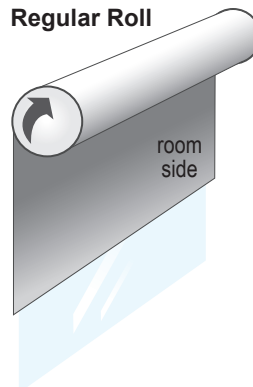

4. Operate the Roller Shade

To Lower, simply pull down on the Smooth Hem Bar. To Raise, push Smooth Hem Bar upwards to desired location.
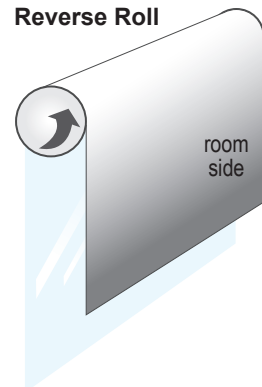

5. Tension Adjustment

Regular Roll: Adjust by adding tension twisting the gear upward in the same direction as the roll (roll upward).

Reverse Roll: Adjust tension by twisting the gear in the same direction upward as the roll (roll upward).
